Christian Zepeda	brunsunpetroutir	90% of a dog's immune system lives in their gut. So when the gut is off, the immune system overreacts. And where does that show up? The skin. The ears That's when I found BetterWild. It's the only allergy supplement with the Ancestral Advantage Wolf Probiotic Blend plus L. sakei which is a postbiotic derive When I started incorporating BetterWild, there were noticeable changes.. Less paw licking. Her coat started looking healthier. She just seemed more comfo I'm not saying ditch your vet. I'm saying if you've been doing everything they recommend and your dog is still uncomfortable, maybe it's time to look deepe	https://www.instagram.
